CO-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

2017 - 2018

Student Councillor of Victoria Junior College

The Student Council, as a team, accomplished many significant contributions to the school in that year. We planned and conducted school events including Open House, JC Orientation, Music Fest, Farewell Assembly and performed daily routines to serve the school and the student body.

2017

Badminton

Achieved National A Division Top Four in 2017

2015 - 2016

Chorale

Achieved Distinction in annual Singapore Youth Festival Arts Presentation

SG 50th anniversary Youth Celebrate at the opening of Singapore Sports' Hub

2015 - 2016

Robotics Society

Participated the National Robotics Competition 2015

Serve as vice president and a programmer using LEGO Mindstorms NXT.

2017

Spark Teaching Programme

Spark is a voluntary teaching programme of one week in rural village of Shannxi, China. We were a team of 14 scholars, aiming to instill an aspiration in those children, as we believe this aspiration could drive them go further. The planning started from early 2017 and the teaching was conducted in December 2017.
